Feedback Report Part-2

1. What tools are you using for making the project for example: eclipse, jframe, etc?
- We have used only IntelliJ IDEA for making the project

   2.Have you made any changes to the data structure you have selected? If yes then why?
   No , We have not made any changes to the data structure we have selected for project.

2. What is the progress of your project? What have you accomplished in these 2 weeks?
- We have started coding part and we are working hard on it
3. Did you face any problems in these 15 days and were you able to resolve them?
- We have'nt faced any major problem in outgoing project
- But if we consider STAR strategy so situation is that we have to build project on Digital Identity Management for Software companies, for this our first task was to decide features for system and there we have faced little bit of difficulty, But we took next and we discussed in team and decided features to add and we started to code and as a result we are here with system of Digital Identity Management for Software companies.

4. Did you make any major changes in the Project?
   -No , we have'nt made any major changes in project.
